

SAFETY MEETING

Company Name: Superior Waterproofing Job Name or #: _____ Date: _____

4/6/18

14

Take Your Safety Into Your Own Hands.

Do You Know What to Check For?

Reminders about your ladder

- Determine what type of ladder is appropriate for your current work environment
- Confirm that the ladder is the appropriate length for the task
- Check that your ladder has the proper Duty Rating
- Thoroughly inspect the ladder to ensure it is in good working condition
- Clean the climbing and gripping surfaces
- Read the safety information label(s) on the ladder

Reminders about your surroundings

- Confirm that the ground where the ladder is set-up is firm and level
- Confirm that any surrounding doors are blocked open, locked or properly guarded
- Ensure that the weather is sufficiently safe for using a ladder

Reminders for YOU

- Clean the soles of your shoes to maximize traction and avoid slipping
- Ensure that you are not tired, dizzy or prone to losing your balance before using the ladder
- Use towlines, a tool belt or an assistant to convey materials so that your hands are free when climbing
- Maintain three points of contact with the ladder while climbing

I AM STILL SEEING THE FOLLOWING PROBLEMS ON JOBSITES WITH LADDERS:

1. When positioning a ladder, if the upper support point is 40ft. what should the setback be? _____ Ft.
2. How many feet should the top of the ladder extend above the surface when used for access? _____ Ft.
3. Extension ladders need to be tied at the top of the support structure. TRUE FALSE

WHAT UNSAFE OPERATIONS DID YOU FIND ON YOUR JOBSITE THIS WEEK? _____

What Corrective action was taken? _____
